

ISA Music Composition Competition 2024 Results

Adjudicated by Flora Curzon: *“Thank you to all of you for submitting your compositions. I really enjoyed hearing such a wide variety musical pieces and encourage you all to continue with your creative musicianship. It was an incredibly difficult task to make a final judgement as there were so many really fantastic entries. I really hope my comments are clear and helpful to you in some ways, but the most important thing is to continue working at your craft, continue paying close attention to music and art, and continue to enjoy the creative process. Good luck!”*
